

Terrin Munandi

BSc (Hons) Architecture

The section shows the Market space will be situated on the ground floor where the market space and book center will be built. The first floor will hold a street food area where the community can come together and eat together. Units on the top floor will hold a bar and a session space for entertainment, allowing the space to meet the needs of everyone and allowing more people from outside of the assembly Quarter to have a reason to come to the space for entertainment reasons.
